Appendix 2		Finish what you are doing	5108
	essor Editing Commands	Go to specified Line, Page or Column	+ © (Ln, Pn, Cn)
Block, Copy	Function + (2)	Hyphen, non-break	Control + N
Block, Delete	Function + Ont	Hyphen, soft	Control + H
Block, Move	Function +	Insert date	+ [
Block, Mark	Function + ( 9 9	Insert line	entre + ( 6)
Centre line	(inning) + (in)	Insert on/off	- S
Clear block markers	( nem + K _ 2	Insert page break	control + (P x)
Control codes, insert	+ × (i b u c e   p q s or t)	Insert special character	wyrribus + (facca)
Control codes, show/hide	Function + (\$4.	Accord Bone	highlight symbol then press
Convert to upper case	(0.0110) + (7.4)	Insert time	+ [
Convert to lower case	(Cantin) +	Justification on/off	(min) + (1) + (3)
Copy default ruler (first active ruler)	+ [0]	Line drawing on/off Line drawing, double	+ - + - +
Copy previous ruler but one	(inext.n) + [R]	Line drawing, select character	Eentrol + C
Delete all text in document	Function + -na	Macro, use a	+ (user defined key)
Delete one word back	^ + [-Da]	Markers, insert or go to	(0 to 9? LR] or [)
Delete one word forwards	(^ ) + (?e) ·	Move back 6 lines	Enntino + Spiral
Delete line	+ 2	Move forward 6 lines	Easter + Darry
Delete to start of line	**************************************	Move block	Function +
Delete to end of line	(netro) + (201)	Move to start of marked block	Ennum + (*)
Find text	Function + (% )	Move to end of marked block	Enntrol + (a)
Find next occurrence	timera + 6am	Move to end of line	Earting + Catie
Find previous occurrence	(intin) + (%)	Move to start of line	entral + word
Find and Replace	Function + Game	Move to start of next line	<u></u> + ↔
Move to end of document	Famour + [	Spell check word	Cantro + 1
Move to end of document  Move to start of document	+ 1	Spell check word Status line, on/off	+ (1)  Function ( 0, 0)
Move to start of document	+ [	Status line, on/off	
Move to start of document Move to last position	Fances + (L s)		Function & B
Move to start of document Move to last position Move to next tab	+ [ ]	Status line, on/off Swap (transpose)	Function
Move to start of document Move to last position Move to next tab Move one page back		Status line, on/off Swap (transpose) two characters Tabs and returns, show/hide Undo last block/line	Function n n
Move to start of document Move to last position Move to next tab Move one page back Move one page forward	+ [ ]	Status line, on/off Swap (transpose) two characters Tabs and returns, show/hide Undo last block/line delete operation	Function
Move to start of document Move to last position Move to next tab Move one page back Move one page forward Move back one paragraph	+ 1 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2	Status line, on/off Swap (transpose) two characters Tabs and returns, show/hide Undo last block/line delete operation Word count	Function (a) (b) (b) (c) (c) (c) (c) (c) (c) (c) (c) (c) (c
Move to start of document Move to last position Move to next tab Move one page back Move one page forward Move back one paragraph Move forward one paragraph		Status line, on/off Swap (transpose) two characters Tabs and returns, show/hide Undo last block/line delete operation	Function
Move to start of document Move to last position Move to next tab Move one page back Move one page forward Move back one paragraph	+ 1 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2	Status line, on/off Swap (transpose) two characters Tabs and returns, show/hide Undo last block/line delete operation Word count	Function (a) (b) (b) (c) (c) (c) (c) (c) (c) (c) (c) (c) (c
Move to start of document Move to last position Move to next tab Move one page back Move one page forward Move back one paragraph Move forward one paragraph Move back one word Move forward one word	+ [ ]   [ ]	Status line, on/off Swap (transpose) two characters Tabs and returns, show/hide Undo last block/line delete operation Word count	Function (a) (b) (b) (c) (c) (c) (c) (c) (c) (c) (c) (c) (c
Move to start of document Move to last position Move to next tab Move one page back Move one page forward Move back one paragraph Move forward one paragraph Move back one word		Status line, on/off Swap (transpose) two characters Tabs and returns, show/hide Undo last block/line delete operation Word count	Function (a) (b) (b) (c) (c) (c) (c) (c) (c) (c) (c) (c) (c
Move to start of document Move to last position Move to next tab Move one page back Move one page forward Move back one paragraph Move forward one paragraph Move back one word Move forward one word Multiple markers, insert	+ [ ]	Status line, on/off Swap (transpose) two characters Tabs and returns, show/hide Undo last block/line delete operation Word count	Function (a) (b) (b) (c) (c) (c) (c) (c) (c) (c) (c) (c) (c
