

# CoSession Confidence™

THE REMOTE CONTROL SOLUTION

Get the most popular remote computing software in the world.

ONLY  
\$39.95!

## CoSession helps keep your computer hassle-free

...That's why CoSession was installed on your Gateway 2000 PC. If you experience any problems, a Gateway 2000 technician can dial into your computer with CoSession and resolve many problems online. Gateway 2000 chose CoSession because it's the top-rated remote control package on the market. CoSession gives you the *confidence* that your computer will keep on working. The copy on your computer is a special version for Gateway 2000's use only. But now, *you* can get a copy of CoSession for Windows for only **\$39.95**, and make your life hassle-free.

*CoSession for Windows provides instant access to information anywhere in the world from your home or office PC. And the easy to use Windows interface makes remote computing a breeze!*

## Home computing

Working late at the office? You don't have to anymore with CoSession for Windows. All you need is CoSession, a modem and a phone line, and you can work from home. CoSession for Windows lets you take control of your office PC and work just as if you were there. So instead of working at the office every night until nine...go home, relax, have dinner — then finish your work.

## Network computing

Do you feel out of touch with the office when you're traveling? If you have a laptop, CoSession should be a requirement. You can keep current even when you're out of town. Dial into the network and check your e-mail when you're away — with CoSession for Windows, you can run *any* DOS or Windows programs remotely.

## Fast file transfers

Forget a file? With CoSession for Windows' easy to use file transfer menu, you can transfer files quickly and easily, and even print documents to a printer at either location!

## Sound too good to be true?

It's not. More people have been using CoSession than any other remote computing software. And now you can get CoSession for Windows for a great price of just **\$39.95** — *that's \$160 off the regular retail price of \$199!* You'll receive all the software you need to connect two computers.
